Objectives

- To show that learning in prison is possible using ICT facilities in close cooperation with the school system, the penitentiary personnel, volunteers through a strong integration among various actors.
- To underline the coherence with the penitentiary personnel' training (penitentiary officers, juridical-pedagogical officers, volunteers, technical staff, educators, etc.).
- To share products, materials, experiences, practices in order to assess their transferability.
- To share a proposal for an integrated plan among treatment activities dealing with education and training for inmates and penitentiary staff .
